Both Bob Inman and I want to thank you for the major role you played in the recently completed Colloquium on Future Space Missions. The Summary Session which you chaired was certainly informative and the discussion was well stimulated by you as the moderator. This session was especially important because it helped provide the base for a Colloquium report and your comments and those of the other moderators were quite pertinent. Comments which I have received indicate that in many ways the Colloquium was successful and any success was in large part because of the contributions made by you and the other moderators.

A summary report on the Colloquium is being prepared and of course you will receive a copy upon its completion. I trust that you will find the document to be useful.

It was good being with you at the dinner for the Colloquium and I benefitted from the conversation. I look forward to seeing you again at an early date.

Sincerely,

*/s/ John N. McMahon*
